- Removal of all trash

Repairs to Siding and Trim Boards (See Attached Photos)

- Plank Trim Boards - were didn't land on hat channel , add blocking to fasten trim boards ,replace as required
- Plank siding – if boards are sagging, or if the planks are “loose”, Hardie allows for aesthetic pin backs, of which the 2 main options would be screws or ET&F pins along the bottom edge of the planks. Pin backs are not needed at every hat channel... two per plank

QUALIFICATION REQUIREMENTS

1. A qualified installer with a minimum of 5 years of experience.
2. Qualified bidders must have an operational facility within a 100-mile radius of Windham, New Hampshire.
3. Contractor shall be a single firm with experience replacing siding and roof flashing. Portions of the work may be subbed out, but ultimate responsibility for workmanship falls on the Contractor.
4. All work shall be executed by skilled tradesmen in a workmanlike manner. All employees must be properly trained and familiar with the work, products and procedures. This work shall be carefully done. Any damage to the surrounding areas, siding or other materials shall be repaired by skilled mechanics of the trade involved at no additional cost.
5. Contractor **must** provide a list of at least 3 references relating to work of a similar project and scope. Reference list must include contact name, address and phone number.

WORK SITE

1. All material will be reviewed and approved by Owner prior to installation.
2. Furnish only the materials as specified herein, in strict accordance with and approval by the manufacturer.
3. Before starting any work, the Contractors shall protect all furnishings, floors and areas.
4. The Windham School District and grounds are a non-smoking area.
5. Non-prescription drugs or alcoholic beverages are not permitted on the grounds.

REMOVAL AND DISPOSAL OF MATERIALS

1. It is the responsibility of the contractor to remove and dispose of all material according to federal, state and local policies.
2. Discarded materials must be removed from the school site on a daily basis.
3. At the completion of the job, all discarded materials, trash and debris shall be removed from the site and all work areas shall be clean.

DELIVERY, STORAGE, AND PROTECTION

1. Products on site must be sealed and properly labeled, in manufacturer's original containers, dry and undamaged. Do not use materials which have been opened prior to this project or damaged in any manner.
2. Products and other materials shall be delivered to site at such a time as required for proper coordination of the work. Windham School has minimal storage space and therefore, cannot make accommodations to store materials for an extended period of time.
3. The Contractor shall arrange material storage so as not to interfere with the Owner's operations.
4. Deliver materials in manufacturer's unopened container or bundles, fully identified with brand, type, grade, class, and all other qualifying information.
5. Take all necessary precautions against fire and other hazards, during delivery, storage, and installation of inflammable adhesives, solvents, and other materials specified herein. Comply with local ordinances and fire regulations in the installation of hazardous materials specified or required under this section.
6. The Contractor is responsible for coordinating and receiving all deliveries and shipments.
7. The Contractor shall hold the Owner harmless from any loss arising from lost, stolen or damaged materials stored at the job site.

WARRANTY

1. The Contractor shall guarantee all workmanship for one (1) year from the date of final payment. Any defects which may arise during this period shall be promptly repaired by the Contractor including any damage done to the Owner's property due to such defects.

SPECIAL CONDITIONS

1. Qualified bidders must have an operational facility within a 100-mile radius of Windham, New Hampshire.
2. The acquisition of all applicable permits and associated costs to obtain said permits will be the responsibility of the Contractor.
3. This bid cannot be assigned or transferred to any other Contractor.
4. The Contractor must examine the conditions under which the project is to be performed, and notify the Owner of unsatisfactory conditions. Do not proceed with the work until unsatisfactory conditions have been corrected in a manner acceptable to the Owner.
5. The Owner shall have general rights of inspection of the work and has the authority to stop work whenever such stoppage may be necessary to insure the proper execution of the contract and shall have the authority to reject any and all materials, whether worked or unworked, if such materials are not in accordance with the plans and specifications.
6. If at any time, the Owner determines that the Contractor's rate of performance is jeopardizing completion of the work within the Contract Time, the Contractor may be considered in default of the contract and the Owner may terminate the contract.
7. Equipment may be stored on site during the project period as required for proper coordination of the work. All equipment shall be removed at the conclusion of the project. The Contractor shall hold the Owner harmless from any loss arising from lost, stolen or damaged equipment stored at the job site.
8. The Contractor shall insure that all employees shall perform criminal background checks for all persons that will be present on the job site at any time. If background checks reveal convictions of any crimes involving offense against children, notify the Owner in writing and do not allow the offender access to the jobsite.

SAFETY

1. The health and safety of all workers, school employees, and school children is paramount. The Contractor shall implement all practical means of preventing injury including the placement of signs, ropes, barricades or other warning devices to exclude people from the work zone.
2. If any unauthorized person enters the work area, the Contractor shall cease all operations which could result in injury/accident to the visitor and not restart until the area is cleared.
3. Any ladders used on this project must be in good condition and must be OSHA approved.
4. Contractor must comply with all OSHA guidelines for safety and protection of workers and the public.
5. Contractor will adhere to the laws in the State of New Hampshire regarding current safety practices, and in accordance with code enforcement.

BOND REQUIREMENTS

- 1. Contractors must provide payment bonds in accordance with New Hampshire RSA 447:16 Bond Required. "...shall if said contract involves an expenditure of \$35,000, and may if it involves an expenditure of less amount, obtain as a condition precedent to the execution of the contract, sufficient security, by bond or otherwise, in an amount equal to at least 100 percent of the contract price, or of the estimated cost of the work...".

LAWS AND REGULATIONS

- 1. Contractor shall be solely responsible for complying with all Laws and Regulations governing the work, including, without limitation, applicable OSHA, EPA and State regulations and Town of Windham, NH ordinances.

INSURANCE

- 1. The Contractor shall purchase and maintain such insurance as will protect him from claims set forth below which may arise out of or result from the Contractor's operations under the Contract, whether such operations be by himself or by any subcontractor or by anyone directly or indirectly employed by any of them or by anyone for whose acts any of them may be liable. The Contractor shall submit a Certificate of Insurance showing the Contractor has the required coverage.

- 1. The contractor shall name the Windham School District as an additional insured.
